Section 1 – Introduction

This directory provides a list of RiverLink Health’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

If you enroll in RiverLink Health you will choose one of our network providers who are listed in this directory to be your Primary Care Provider (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care services from your PCP. Your PCP is a physician or a nurse practitioner with post-graduate training in primary care programs such as geriatrics, family medicine, general medicine or internal medicine.

For routine care, your PCP is your first level of medical contact and he or she will provide basic diagnosis and minor surgical treatment of common illnesses and medical conditions. If your needs are beyond the scope of your PCP, he or she will refer you to an appropriate specialist. Your PCP will (1) act on your behalf to collaborate with specialists, (2) coordinate care with hospitals or clinics, (3) act as a repository for your medical records and (4) provide long-term management of chronic conditions.

The “network providers” listed in this directory have agreed to provide you with your health care. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from nonnetwork providers. If your PCP is part of a larger organization, that organization may limit your PCP’s referrals to specialists within that organization. Some of these organizations have taken on the responsibility, with RiverLink Health oversight, of providing prior authorization for services.

You must use plan providers except in emergency or urgent care situations.

If you receive a bill from a non-contracted provider, you should not pay the bill but should submit it to the Plan for processing and determination of liability.

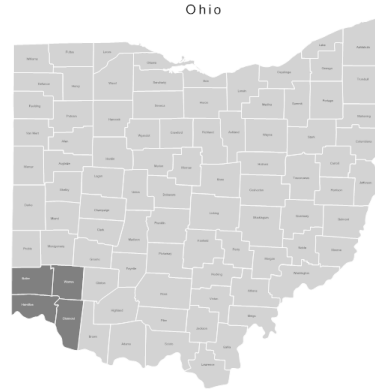

RiverLink Health offers coverage for emergency and urgent medical needs anywhere in the world. A “medical emergency” is when you believe that your health is in serious danger. A medical emergency can include severe pain, a bad injury, or a medical condition that is quickly getting much worse. “Urgent Care” is a non-emergency situation when you need medical care right away due to an illness, injury or condition that you did not expect or anticipate, but your health is not in serious danger.

If you are experiencing an emergency or have an urgent medical need, you should get help as quickly as possible. You do not need to get prior approval or a referral from your PCP. For more information, refer to your *Evidence of Coverage*.

Network providers are listed by specialty within the directory. To find a network provider near you, first find the type of provider you are looking for (PCP, Specialist, Vision Provider, etc.). The type of provider is located at the top of every page. Once you've located the type of provider you are looking for, identify a provider in your city. To find a specific provider, you may use the index at the back of this directory. The index lists all providers in alphabetical order and identifies the specific page number where you can find the full provider listing.

If you have questions about RiverLink Health or require assistance in selecting a PCP, please call our Customer Service Department at 1-866-329-3970 (TTY/TDD users should call 711), 8:00 am to 8:00 pm, Monday – Friday and 8:00 am to 8:00 pm, Monday – Sunday October 1 through February 14. RiverLink Health (HMO)

2017 Pharmacy Directory

This pharmacy directory was updated on 09/24/2016.

For more recent information or other questions, please contact RiverLink Health Customer Service at 1-866-329-3970 or, for TTY users, 711, 8 am to 8 pm, Monday – Friday and 8 am to 8 pm, Monday – Sunday October 1 through February 14, or visit www.RiverLinkHealth.com.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at www.RiverLinkHealth.com. You may also call Customer Service for updated provider information.

Introduction

This booklet provides a list of our Plan’s network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and RiverLink Health’s formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under our Plan only if they are filled at a network pharmacy [or through our mail order pharmacy service]. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 09/24/2016. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for Butler, Clermont, Hamilton and Warren counties in Ohio and Boone, Campbell and Kenton counties in Kentucky which includes the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our Plan. For information on more pharmacies in our plan network not listed in this directory please contact RiverLink Health Customer Service at 1-866-329-3970 or, for TTY users, 711, or visit www.RiverLinkHealth.com.

Our national pharmacy network contains approximately 72,000 network pharmacy locations. Within our national pharmacy network, we have approximately 64,500 Retail and Chain pharmacy locations, 600 Home Infusion pharmacy locations, 6,000 Long Term Care pharmacy locations, 6 Mail Order pharmacy locations and 225 Indian Health Service/Tribal/Urban Tribal Health Program (I/T/U) pharmacy locations.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

How do you find network pharmacies in your area?

Network pharmacy types include:

1. Retail Pharmacies, including Chain Pharmacies;
2. Mail Order Pharmacies;
3. Home Infusion Pharmacies;
4. Long Term Care Pharmacies and
5. Indian Health Service/Tribal/Urban Indian Health Program (I/T/U) Pharmacies

Network pharmacy types are listed immediately after this section and each type is indicated by **BOLD** headings.

Retail Pharmacies are listed by county (alphabetically) and then in alphabetical order by pharmacy name.

Pharmacies that are able to dispense up to a 93-day supply are indicated with an asterisk (*).

If you have questions about any of the above, please see the first and last pages of this directory for information on how to contact us.

Section IV - Retail Pharmacies, including Chain Pharmacies

For TTY users, most pharmacies can be reached using the 711 accessibility number.

Section IV - Mail Order Pharmacies

You can get your prescription drugs shipped to your home through the network mail order delivery program. For refills of your mail order prescriptions, please contact us 14 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

Typically, you should expect to receive your prescription drugs from 7 to 14 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at RiverLink Health Customer Service at 1-866-329-3970 or, for TTY users, 711, or visit www.RiverLinkHealth.com.

For TTY users, most pharmacies can be reached using the 711 accessibility number.
