Humana

Welcome to Humana's AHIP Course Registration Page

Please note, Humana requires that its associates successful pass AHIP's test with a minimum score of 90% within three test attempts. Humana will not accept any completions that are made beyond the first three attempts.

Leave and Come Back - After your registration process, you can leave the course and return to it at a later time. The system will mark your place. If you do leave and come back at a later time, you do NOT need to register. You only need to enter your NPN and password combination you created during registration to re-access your training.

Already took AHIP with another Carrier - If you took the AHIP exam with another carrier, you will still need to register for Humana's Training Portal. Upon doing so, a link to AHIP's training will be provided and the system will match your records from the previous carrier. Upon entry into AHIP's course you will then be able to see your previous course completions on the landing page. An option to "Send Your Results to Humana" will be available at the top and bottom of the page.

Should you need any further assistance, you can download a user guide here.
